

INVISION

HAPPY, HAPPY

The acetate Acerra from KATE SPADE NEW YORK has filigree detail and includes the inscription "So Happy to See You" on the inside of the right temple. mysafilo.com
\$222

STRAIN, STRAIN GO AWAY

The new MyDay Energys from COOPERVISION is a daily disposable designed for teens and adults who spend extensive periods of time on digital devices. coopervision.com
price upon request

OUT OF THE DARK

Early AMD detection just got a little easier. HERU's new modality, Dark Adaptation, measures how well the eye can adjust from light to dark environments through the wearable health-and-wellness platform's vision screening lineup. seeheru.com

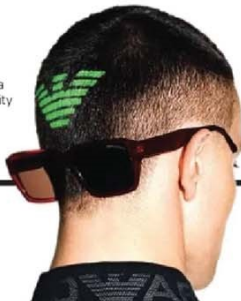

price upon request

HEAD OF THE CLASS

New out from EMPORIO ARMANI's Sustainable Eyewear Collection, the EA4186 is made with bio-acetate with a visible metal core. Armani's Sustainability Values logo is placed inside the frame. my.luxottica.com
